You wander endlessly through the oriental garden, overwhelmed by all the beauty around you. Your gaze is caught time and again. Serene still lifes, fascinating cloudy skies and lifelike landscapes.

Our collection Zen has the power to induce this sense of relaxation and calmness in your home. These oriental inspired wallpapers are serene and full of traditional East Asian motifs and structures. Soft and earthy tones, such as white, grey, pink, beige. Outer peace creates inner peace.

This collection will draw a restful vibe into your space and help you find your zen.
